Section 2- General

This Section establishes conditions, limitations and restrictions on commercial activities, personal conduct, and behavior applicable to all persons, relating to the use of Ontario International Airport (ONT). Written operating procedures issued by the ONT CEO or an authorized representative are considered addendum to these Rules and Regulations.

2.1 Right of ONT CEO to Control the Airport

The ONT CEO or his/her authorized representative shall have the right at any time to close the Airport in its entirety or any portion thereof to air traffic, to delay or restrict any flight or other aircraft operation, to refuse takeoff permission to aircraft, and to deny the use of the Airport or any portion thereof to any specified class of aircraft or to any individual or group, when any such action is considered necessary and desirable to avoid endangering persons or property and to be consistent with the safe and proper operation of ONT. In the event the condition of the Airport, or any part thereof, is considered to be unsafe for landings or takeoffs, a Notice to Air Mission (NOTAM) shall be issued, or cause to be issued, closing any affected area, or the entire Airport.

2.2 Labor Disputes

ONT is owned and operated by the OIAA. As a public enterprise for the benefit of the residents of the Inland Empire region and the general traveling public. In order that these facilities function properly in a safe and efficient manner and that free access to and from these facilities be maintained at all times, the following rules are established regarding picketing and other strike activities on Airport premises:

2.3 Commercial Activity

No person shall enter or remain on Airport property and buy, sell, peddle, or offer for sale or purchase any goods, merchandise, property or perform services (including surveys) of any kind whatsoever, on or from Airport property, without the express written consent of the ONT CEO, (909) 544-5300.

2.6 Lost And Found Articles:

ONT prioritizes the care and management of found items. We will safely retain most items for a period of 90 days. Items that will not be retained include perishable goods and any other item deemed unsafe to keep during our regular retention period. Should these items remain unclaimed after this period, they will be discarded or sent to auction, depending on the item's nature and condition. Please note that ONT cannot be held responsible for any damage that may have occurred to an item left on the airport's campus.

2.7 General Cleanliness:

No person shall place, discharge or deposit in any manner, paper, trash, rubbish, or other refuse anywhere at ONT except in receptacles and other places prescribed by the ONT CEO or his/her authorized representative.

Any deposit of trash, debris, or refuse in unauthorized locations must be cleaned up immediately in an effective manner by the tenant, company, agent or party responsible for same.

All litter and refuse must be covered when transported in vehicles, and all receptacles for same must have covers and liners to ensure against leaking, dripping, sifting, or otherwise escaping of materials and liquids. Receptacles, containers, carts and vehicles equipped with liners, barriers and/or seals help protect against contaminating ground water runoff, storm drains and water tables. See **Appendix II, Environment Services**

2.7.1 No person shall use any restroom other than in a clean and sanitary manner.
